Acceptable Use Policy – PSTN / Landline usage on Complete ADSL 2+ Business Bundle

Ace services may not be used for reselling to third parties without written consent. If we believe you are in breach of this Ace can cancel or suspend your service immediately.

The Business Landline plan on the Complete ADSL 2+ Business Bundle is intended for normal commercial use and is not permitted for use for the purpose of outbound telemarketing.

Unacceptable use of the service is also considered to be:

- Using a device that re-routes calls to/from your Business Landline to another voice network
- Using the service in bridging of conference calls
- Using the voice service for any purpose other than the primary function of person to person voice communications
